## TERMINAL DISCLAIMER

The Government of the United States of America as represented by the Secretary of the Department of Health and Human Services, The National Institutes of Health, ("THE GOVERNMENT") is the owner of the entire interest in the above-identified application. An assignment was submitted to the United States Patent and Trademark Office on March 17, 2004. A copy of this assignment is attached hereto.

THE GOVERNMENT hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term of United States Patent No. 6,596,690, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to United States Patent No. 6,596,690, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

THE GOVERNMENT does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of United States Patent No. 6,596,690, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

I am empowered to act on behalf of THE GOVERNMENT.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were

**ASSIGNMENT**

WHEREAS, We, Giovanna Tosato, of 9007 Burning Tree Road, Bethesda, Maryland, 20817, a citizen of the United States of America, and Sandra E. Pike, of 5801 Edson Lane #102, North Bethesda, Maryland, 20852, a citizen of the United States of America, employees of the Department of Health and Human Services at the time the invention was made, are co-inventors of USE OF CALRETICULIN AND CALRETICULIN FRAGMENTS TO INHIBIT ENDOTHELIAL CELL GROWTH AND ANGIOGENESIS, AND SUPPRESS TUMOR GROWTH for which the following patent applications have been filed:

- ☒ U.S. Provisional Application No. 60/103,438, filed October 6, 1998;
- ☒ PCT Application No. US99/23240, filed October 5, 1999;
- ☒ U.S. Patent Application No. 09/807,148, filed April 5, 2001; and

We are also co-inventors of VASOSTATIN AS MARROW PROTECTANT, for which the following patent application has been filed:

- ☒ U.S. Patent Application No. 09/828,000, filed April 6, 2001; and

All four (4) of these patent applications are collectively referred to herein as "the patent applications" or "applications for Letters Patent"; and

WHEREAS, the conditions under which said invention was made are such as to entitle the Government of the United States of America under Paragraph 1(a) of Executive order 10096, to the entire right, title, and interest herein, both domestic and foreign; and

WHEREAS, the Government of the United States of America is desirous of acquiring all domestic and foreign right, title, and interest in the aforesaid invention described in the aforesaid applications for Letters Patent of the United States of America; and

NOW, THEREFORE, to all whom it may concern, be it known for and in consideration of the premises and other valuable considerations, We the undersigned, have sold, assigned, and transferred and by these presents do sell, assign, and transfer unto The Government of the United States of America as represented by the Secretary of the Department of Health and Human Services (hereinafter THE GOVERNMENT), and their successors, the full and exclusive right, title, and interest in the invention, patent applications and patent rights throughout the United States of America, its territories and dependencies, and within each and every foreign country in which THE GOVERNMENT elects to file the invention described in the aforesaid applications for Letters Patent of the United States of America, and all Letters Patents and Registrations which may be granted on the same in the United States of America and all countries throughout the world, and to claim the priority from the applications as provided by United States Law and the Paris Convention, or of any divisional, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

AND, We hereby authorize and request the Commissioner for Patents to issue said Letters Patent to THE GOVERNMENT as an assignee of the entire right, title, and interest in and to the same throughout the United States of America, its territories and dependencies, and within each and every foreign country in which THE GOVERNMENT elects to file, for the sole use for the full term or terms for which said Letters Patent and Registrations may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof which may be granted as fully and entirely as the same would have been held by us, had this assignment not been made;
